

To whom it may concern,

This is a letter of reference for PMC Contractors.

I have provided Special Inspections on several projects where PMC was the General Contractor. They are an excellent company to work with. They have a dedication to their clients as well as the Sub Contractors they hire that I feel would exceed your expectations. In addition to their dedication, they are also extremely competent in all areas of construction. I have full confidence in their abilities to construct whatever is laid before them. I have had great experiences in all fascists of the construction process including problem solving, where in, PMC is hands down, one of the best.

As a Special Inspector (Owners Representative) I would be more than honored and willing to work with them on any future projects as they make it very easy to get the job done. I hope this speaks to the character and commitment of PMC Contractors and that you find this reference helpful.

I am available for further questions and more detailed reference if you so desire.

Sincerely yours,

Ryan McBride
